## FOUR TONS OF GOODS SHIPPED TO THE BELGIANS

Four tons of clothing have been packed and shipped by the Red Cross committee in charge of the Belgian relief. The remaining ton to be raised in this district will be shipped Saturday. There is a possibility that more than the allotment of clothes for Weber county and Ogden city will be reached by Saturday.

Among the articles contributed to the Belgian relief today were knitted caps and hoods from the Dee Art shop and caps and hoods from the Mansfield-Burrows company. Other donations received from throughout the city comprises articles for men, women and children.

While the Belgian relief is occupying much of the attention of the members of the Red Cross, the establishment of the Red Cross shop for the period of the war has not been overlooked. It is the intention of the committee to open the shop next Monday morning.

The committee in charge of the shop announced today the need of canned fruits and preserves and jellies of all kinds, cooking utensils, a roller top desk, cash register and tables clothes and kitchen clothes.

The committee has secured goods for the shop but they need much more. The goods are to be contributed to the shop. The entire proceeds of the sale of the articles goes to the Red Cross.

## STANLEY JONES WAS NOT 18 ON DAY OF REGISTRATION

The registration on September 12 of Stanley Jones of Ogden has been cancelled on orders from Captain F. V. Fitzgerald, because it was shown that Jones was not 18 years of age when he registered.

The young man was confused as to the exact date of his birth and rather than be delinquent he registered. Later his birth certificate, showing that he was born October 20, 1901, was produced by his mother and the local board was petitioned to cancel the registration. Its recommendation to the adjutant general was favorably returned.

## HENRY W. SEPPICH IS TO ENTER SIGNAL SERVICE

Henry W. Seppich, a well known young Ogden man, today received authority from Washington in the form of consistent orders for his induction into the signal corps of the army at Fort Leavenworth, Kan.

Young Seppich is the son of Mr. and Mrs. Fred Seppich, 2855 Hudson avenue. He has been employed by the Utah Power and Light company for some time as a bookkeeper.

## LIMITED SERVICE MEN HAVE RIGHTS

Registrants, who are physically qualified for special or limited service only, have the same rights for consideration on industrial and agricultural deferment as others, according to instructions sent today to the local boards by state headquarters of the draft.

However, boards are cautioned to investigate each case and ascertain if the registrant is of more value to the country in the position he holds than in limited or special service in the army.

## AMMAN HAS BEEN TAKEN BY BRITISH

LONDON, Sept. 26.—Pushing on to the east of the Jordan the British have occupied the strategic town of Amman on the Hedjaz railway.

## CHAS. L. FARR HAS NO OPPONENT FOR HIS OFFICE

With only two days remaining before the Democratic county convention is held at the court house, much interest now centers in the probable ticket of the party.

The only contests will probably be for treasurer and commissioner. For the former office the contest will be between Walter N. Farr, Charles Kingston, Gus Trorlicht and A. V. Huish, incumbent. For commissioner the names of D. H. Ensign, incumbent, Joseph L. Peterson of Huntsville, and H. H. Goddard of Ogden, are heard.

The candidates who will probably have no opposition are Miss Kathryn Higginbotham, recorder; Charles M. Ramey, clerk, and Herbert C. Peterson, sheriff.

It was announced today that Charles L. Farr will have no opposition for the nomination of county attorney, as Dan E. Sullivan has announced that he will go to California on October 1 to accept a position with one of the banks at Buena Ventura.

That O. M. Sanderson may have opposition for assessor was a report heard in political circles during the past few days.

The convention will be called to order at 10 o'clock Saturday morning by Joseph Chee, in Judge Aree's department of the district court. S. P. Dobbs will act as the secretary.

## FUND TO COMBAT SPANISH EPIDEMIC

BOSTON, Sept. 26.—A public meeting to discuss plans for effectively combating the epidemic of influenza in New England was held at city hall today. The closing of theaters, motion picture houses and public gathering places in this city, in accordance with the suggestion of the emergency public health committee was among the questions taken up.

Much interest was manifested in experiments being made with a new influenza vaccine produced at the Tufts college laboratories.

## WHOLE OF ENEMY LINE BROKEN UP

Monastir-Prilep-Grasko Road  
in Hands of Allies—Second  
Line to Fall.

LONDON, Sept. 25.—The whole of the Monastir-Prilep-Grasko road connecting up the two Bulgarian armies is now in the hands of the allies, according to news received here late tonight. The allied cavalry is within ten miles of the second line extending between Velez, Ishlip and Prilep.

The enemy is fighting hard to obtain possession of this road and also in the sector west of Prilep, and it seems to be a race for Uskub, as the allied forces are as near to the city as the Bulgarians.

The allies are now in possession on the whole course of the Vardar river from Gjevlev to Grasko. Tonight's reports say that the Serbians have taken thirty guns in addition to those already reported.

The Bulgarians are now retreating on a total front estimated at about 130 miles, the second Bulgarian army, under General Fedoroff being in retreat before the British and Greeks on a front extending from the Vardar to the Struma. A British invasion of Bulgaria seems likely and the Bulgarians are reported to be fortifying the old road from Fobrovo to Strumitza, which the British cavalry is approaching.

## GREEKS AIDING ON THREE FRONTS

ATHENS, Monday, Sept. 23.—Greek troops are aiding in the allied advance in Macedonia on three sectors of the front according to an official statement from the Greek war office today.

East of the Vardar the Bulgarians are in flight toward Valandova with the British and Greeks in pursuit.

## TO THE THEATRE PATRONS:

We beg to call to your attention the fact that Lila Lee, the dainty Paramount star, a young actress of remarkable ability, will be seen in her first photograph, "The Cruise of the Make-Believes," at our theatre starting today.

Miss Lee, beautiful and talented, sixteen years old, was for years a favorite in vaudeville and known as a "Cuddles." She is a new star in the silent drama, but it is said that her abilities and personal charms are of that lovable quality as will soon make her name famous wherever motion pictures are exhibited.

In her premier vehicle Miss Lee has an ideal characterization, that of a girl of the slums of noble ideals who, after a series of unusually interesting experiences finds love and happiness. She is admirably supported by excellent screen players, and it is safe to say that "The Cruise of the Make-Believes" forms an entertainment which for originality and artistry seldom has been excelled. Fatty Arbuckle in "The Cook" rounds out one hour and forty-four minutes of fine amusement.

We gladly recommend this program to you, confident that it will sustain every promise made for it. Hoping you will afford us the opportunity of extending our courtesies at some time during its display at our theatre,

Yours sincerely,  
The Alhambra Theatre.

SENATORS UPSET PLANS.  
WASHINGTON, Sept. 26.—Chairman Jones indicated that other champions of the resolution stated that the plans for a vote were upset by changes in the attitude of one or more senators who had promised to support the resolution.

While the senate leaders revised their program the crowds in the galleries remained to listen to the debate, most of them knowing nothing of the developments outside the chamber. Some of the officials of the women's organizations, however, were consulted by senators favoring a delay.

Twice before the resolution had been called up for a vote and put over. Last spring the opposition forced a postponement and on June 27 failure to arrange pairs for the late Senator James of Kentucky contributed to another postponement.

Discussion today was centered by

## WORLD'S MARKETS

NEW YORK, Sept. 26.—Conflicting movements were again the rule in the early stock market operations today.

Selling orders in various issues counter-balanced the strength shown at other points but the variations generally were only fractional. Speculation was lively in Mercantile Marine shares, common and preferred gaining nearly a point each at 58 1/2 and 106 1/2 respectively, notwithstanding lack of official confirmation of yesterday's report regarding the status of the negotiations with a foreign syndicate. Leaders like United States Steel, Reading, Union Pacific and Southern Pacific were shaded, the latter losing a point. American Ice gained 3 points.

With no particular initiative by the larger speculative interests recently active, prices fell under the impulse of professional selling. Buying power having disappeared to a large extent and the immediate demand of shorts satisfied, little opposition was offered to the scaling down process. Mercantile Marine shares unable to withstand the pressure elsewhere, relinquished their gains, the preferred falling one point below yesterday's closing. The list stiffened at midday after a rise of a point. Reading, Baldwin Locomotive, American Smelter Tobacco and American Steel foundries.

United States Steel and related stocks crept slowly upward, Steel selling at 110 1/2 as compared with 109 1/2 earlier. Activities of speculative pools contributed to larger gains elsewhere. Liberty 3 1/2's advanced and other United States issues overcame earlier recessions.

## Chicago Quotations.

CHICAGO, Sept. 26.—Announcement that the food administration had adopted a definite schedule to which grain dealers profits would be restricted gave a bearish sentiment to the corn market. Bearish influence received impetus from word that permits for shipment to Chicago had been resumed. Opening prices, which ranged from 1/4c off to 1/4c up with October \$1.48 1/2 to 1.49 and November \$1.46 1/2 to 1.47 1/2, were followed by a material setback all around.

Oats displayed relative firmness. Government and export demand appeared to be the sustaining factor. After opening 1/4 to 3/4c higher with October 74 1/2 to 74 3/4c, the market reacted to slightly below yesterday's finish.

Talk of the establishment of a minimum price on hogs steadied provisions. Besides shipments of lard and meats were liberal.

Favorable war news prevented any lasting rally in corn and subsequently weakness was intensified by increasing likelihood of larger receipts. The close was heavy 1/4 to 1/2c net lower with October \$1.47 1/2 to 1.47 1/2 and November \$1.44 1/2 to 1.44 1/2.
